PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience building responsive, reusable, and API-driven web applications using React.js, Next.js, JavaScript, TypeScript, HTML5, CSS3, and Tailwind CSS. Professional experience at Zaynax Health Ltd. developing dashboard interfaces, reusable UI components, forms, tables, API integrations, and responsive layouts. Strong understanding of component-based architecture, REST APIs, authentication, state management, Git, and modern frontend development practices. Seeking a Junior Frontend Developer, React Developer, or Next.js Developer role.

EXPERIENCE

Frontend Developer – Full Stack | Zaynax Health Ltd. | Dhaka, Bangladesh **Aug 2025 – Present**

- Developed responsive and reusable user interfaces using React.js, Next.js, TypeScript, JavaScript, and Tailwind CSS.
- Built reusable UI components including forms, tables, modals, date pickers, navigation, and dashboard components.
- Integrated REST APIs and implemented data fetching, loading states, error handling, and frontend validation.
- Developed interactive dashboard features for healthcare and administrative web applications.
- Worked with reusable component patterns to improve maintainability and consistency across the application.
- Used Git and GitHub for version control and collaborative development.
- Debugged frontend issues and collaborated with team members to implement and improve application features.

TECHNICAL SKILLS

Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, NestJS, REST APIs

Database: MongoDB, MySQL

State & Forms: React Hooks, Context API, Form Handling, Form Validation

Tools: Git, GitHub, Shopify, API Integration, Responsive Web Design

PROJECTS

Listing Web Application | MongoDB | Express.js | Node.js | JavaScript | HTML | CSS

- Built a full-stack web application with authentication, authorization, CRUD operations, form validation, reviews, and geocoding/map integration.
- Implemented user registration, login, protected functionality, and listing management.
